

LICENSE INFORMATION

Program Name:

HCL OneTest Server, v10.1.3

The following standard terms apply to Licensee's use of the Program.

Limited use right

As described in the HCL Master License Agreement ("MLA") available at: <https://www.hcltechsw.com/wps/portal/resources/master-agreements> and this License Information document, HCL grants Licensee a limited right to use the Program. This right is limited to the level of Authorized User or Floating User, or other specified level of use, paid for by Licensee as evidenced in the Proof of Entitlement. Licensee's use may also be limited to a specified machine, or only as a Supporting Program, or subject to other restrictions. As Licensee has not paid for all of the economic value of the Program, no other use is permitted without the payment of additional fees. In addition, Licensee is not authorized to use the Program to provide commercial IT services to any third party, to provide commercial hosting or timesharing, or to sublicense, rent, or lease the Program unless expressly provided for in the applicable agreements under which Licensee obtains authorizations to use the Program. Additional rights may be available to Licensee subject to the payment of additional fees or under different or supplementary terms. HCL reserves the right to determine whether to make such additional rights available to Licensee.

Specifications

Program's specifications can be found in the collective Description and Technical Information sections of the Program's Announcement Letters, and Product License Information Documents.

Prohibited Uses

Licensee may not use or authorize others to use the Program if failure of the Program could lead to death, bodily injury, or property or environmental damage.

EVALUATION:

If Licensee is obtaining the Program for the purpose of evaluation, testing, trial "try or buy," or demonstration (collectively, an "Evaluation"), Licensee must accept the HCL Trial and Demonstration Agreement (the "Evaluation License"), without modification and the Evaluation License will apply solely during the term of Licensee's Evaluation as set forth therein.

The MLA will automatically apply if Licensee elects to retain the Program after the Evaluation (or obtain additional copies of the Program for use after the Evaluation). During the term of the Evaluation, the Evaluation License and the MLA are not in effect concurrently; neither modifies the other; and each is independent of the other.

Supporting Programs

The Program is licensed as a multi-product package and includes the Supporting Programs identified below. Licensee is authorized to install and use such Supporting Programs only to support Licensee's use of the principal Program ("Principal Program") under this License Information document and MLA and within the limits of the Proofs of Entitlement for the Program (unless broader rights are provided elsewhere in this License Information document). The phrase "to support Licensee's use" would include only those uses that are necessary or otherwise directly related to a licensed use of the Principal Program or another Supporting Program. The Supporting Programs may not be used for any other purpose. Licensee is not authorized to transfer or remarket the Supporting Programs separate from the Principal Program. A Supporting Program may be accompanied by license terms, and those terms, if any, apply to Licensee's use of that Supporting Program. In the event of conflict, the terms in this License Information document supersede the Supporting Program's terms. When Licensee's right to use the Program expires or terminates, Licensee must discontinue use, destroy or promptly return all copies of the Supporting Programs to the party from whom Licensee acquired the Program. If Licensee downloaded the Supporting Programs, Licensee should contact the party from whom Licensee acquired the Program. If Licensee wishes to license the Supporting Programs for any use beyond the limits set forth above, please contact an HCL Sales Representative or the party from whom Licensee acquired the Program to obtain the appropriate license.

The following are Supporting Programs licensed with the Program:

HCL Integration Platform v10.0

HCL OneTest API v10.1

HCL OneTest Performance v10.1

HCL OneTest UI v10.1

Privacy

Licensee acknowledges and agrees that HCL may use cookie and tracking technologies to collect personal information in gathering product usage statistics and information designed to help improve user experience and/or to tailor interactions with users in accordance with the HCL Privacy Statement, available at:

<https://www.hcltechsw.com/wps/portal/resources/master-agreements>.

Source Components and Sample Materials

The Program may include some components in source code form ("Source Components") and other materials identified as Sample Materials. Licensee may copy and modify Source Components and Sample Materials for internal use only provided such use is within the limits of the license rights under this License Information document and MLA, provided however that Licensee may not alter or delete any copyright information or notices contained in the Source Components or Sample Materials. HCL provides the Source Components and Sample Materials without obligation of support and "AS IS", WITH NO WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING THE WARRANTY OF TITLE, NON-INFRINGEMENT OR NON-INTERFERENCE AND THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Program Keys

For Programs which require keys to operate, Licensee may not have more keys to the Program in Licensee's enterprise than Licensee has entitlements.

Technology Preview Code

Technology Preview Code ("TPC") may be included or distributed with the Program or updates to it but are not part of the Program. TPC is licensed under the same terms as the Program, except as provided below. TPC will be identified as such in the Notices File (or in an updated Notices File accompanying the updates). Some or all of the TPC may not be made generally available by HCL as or in a product. Licensee is permitted to use TPC only for internal use for evaluation purposes. REGARDLESS OF OTHER STATEMENTS MADE AT OR BEFORE THE TIME OF PURCHASE, IT IS LICENSEE'S RESPONSIBILITY TO DETERMINE IF THE PROGRAM IS APPROPRIATE OR SAFE FOR LICENSEE'S WEBSITE, WEB APPLICATION

OR TECHNICAL ENVIRONMENT. LICENSEE ACKNOWLEDGES AND ACCEPTS ALL RISKS ASSOCIATED WITH THE USE OF THE PROGRAM. The Notices File or Evaluation Agreement may limit this evaluation use to an evaluation period. If so, at the end of such evaluation period Licensee must cease using and uninstall the TPC. HCL provides the TPC without obligation of support and "AS IS," WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE WARRANTY OF TITLE, NON-INFRINGEMENT OR NON-INTERFERENCE AND ANY IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Licensee may not transfer TPC to another party except as a transfer accompanying the Program. TPC may contain a disabling device that will prevent it from being used after the evaluation period ends. Licensee will not tamper with this disabling device or the TPC. Licensee should take precautions to avoid any loss of data that might result when the TPC can no longer be used.

Program-unique Terms

Terms for Microsoft Visual Studio

The Program may contain Microsoft Visual Studio SDK code. Licensee is not permitted to use such code to develop extensions to Microsoft Visual Studio.

Multi Product Bundles

The Program may be licensed as part of a multi-program offering (for example, a "suite" or "bundle"). If Licensee acquires the Program as part of such a multi-program offering, the entitlement is for the whole offering as a unit and does not provide separate entitlements or usage rights for the individual programs included in the multi-program offering. For example, for a multi-program offering licensed by user, different users may not use the individual programs of the multi-program offering.

The Program performs invasive and non-invasive tests on the website and web application Licensee chooses to scan, which testing entails certain risks, including without limitation the following:

- a. Licensee's computer systems may hang or crash, resulting in temporary system unavailability or loss of data;
- b. the performance and throughput of Licensee's systems, as well as the performance and throughput of associated routers and firewalls, may be temporarily degraded during testing;
- c. excessive amounts of log messages may be generated, resulting in excessive log file disk space consumption;
- d. data may be changed or deleted as a result of probing vulnerabilities;
- e. alarms may be triggered by intrusion detection systems;

- f. emails may be triggered by the email function of the web application being tested;
- g. the Program may intercept the traffic of the monitored network for the purpose of looking for events.

HCL MAKES NO REPRESENTATION OR WARRANTY AS TO THE FITNESS OF THE PROGRAM FOR LICENSEE'S PARTICULAR WEBSITE, WEB APPLICATION OR TECHNICAL ENVIRONMENT. REGARDLESS OF OTHER STATEMENTS MADE AT OR BEFORE THE TIME OF PURCHASE, IT IS LICENSEE'S RESPONSIBILITY TO DETERMINE IF THE PROGRAM IS APPROPRIATE OR SAFE FOR LICENSEE'S WEBSITE, WEB APPLICATION OR TECHNICAL ENVIRONMENT. LICENSEE ACKNOWLEDGES AND ACCEPTS ALL RISKS ASSOCIATED WITH THE USE OF THE PROGRAM.

The Program is designed to identify a variety of potential security and compliance issues in web applications and web services. It does not test all vulnerabilities or compliance risks, nor does it act as a barrier to security attacks. HCL does not represent or warrant that the Program will provide complete security vulnerability or compliance information or that Licensee's web application or web services are secure or compliant. Security threats, regulations and standards continually change, and the Program may not reflect all such changes. The security and compliance of Licensee's website, systems and employees, and any remedial actions, are Licensee's responsibility alone. It is solely within Licensee's discretion to use or not use any of the information provided by the Program. Accordingly, HCL will not be liable for any actions that Licensee takes or chooses not to take based on the Program.

Certain laws prohibit any unauthorized attempt to penetrate or access computer systems.

LICENSEE REPRESENTS AND WARRANTS THAT LICENSEE SHALL NOT USE THE PROGRAM TO SCAN ANY WEBSITES AND/OR APPLICATIONS OTHER THAN WEBSITES AND/OR APPLICATIONS OWNED BY LICENSEE OR THOSE THAT LICENSEE HAS THE RIGHT AND AUTHORITY TO SCAN. LICENSEE WILL INDEMNIFY HCL IN FULL FOR LICENSEE'S FAILURE TO COMPLY WITH THE TERMS OF THIS LICENSE OR APPLICABLE LAWS.

PRODUCTION:

Supporting Programs

The Program is licensed as a multi-product package and includes the Supporting Programs identified below. Licensee is authorized to install and use such Supporting Programs only to support Licensee's use of the Principal Program under this License Information document and MLA and within the limits of the Proofs of Entitlement for the Program (unless broader rights are provided elsewhere in this License Information document). The phrase "to support Licensee's use" would include only those uses that are necessary or otherwise directly related to a licensed use of the Principal Program or another Supporting Program. The Supporting Programs may not be used for any other purpose. Licensee is not authorized to

transfer or remarket the Supporting Programs separate from the Principal Program. A Supporting Program may be accompanied by license terms, and those terms, if any, apply to Licensee's use of that Supporting Program. In the event of conflict, the terms in this License Information document supersede the Supporting Program's terms. When Licensee's right to use the Program expires or terminates, Licensee must discontinue use, destroy or promptly return all copies of the Supporting Programs to the party from whom Licensee acquired the Program. If Licensee downloaded the Supporting Programs, Licensee should contact the party from whom Licensee acquired the Program. If Licensee wishes to license the Supporting Programs for any use beyond the limits set forth above, please contact an HCL Sales Representative or the party from whom Licensee acquired the Program to obtain the appropriate license.

It does not test all vulnerabilities or compliance risks, nor does it act as a barrier to security attacks. HCL does not represent or warrant that the Program will provide complete security vulnerability or compliance information or that Licensee's web application or web services are secure or compliant. Security threats, regulations and standards continually change, and the Program

may not reflect all such changes. The security and compliance of Licensee's website, systems and employees, and any remedial actions, are Licensee's responsibility alone. It is solely within Licensee's discretion to use or not use any of the information provided by the Program. Accordingly, HCL will not be liable for any actions that Licensee takes or chooses not to take based on the Program.

Certain laws prohibit any unauthorized attempt to penetrate or access computer systems.

LICENSEE REPRESENTS AND WARRANTS THAT LICENSEE SHALL NOT USE THE PROGRAM TO SCAN ANY WEBSITES AND/OR APPLICATIONS OTHER THAN WEBSITES AND/OR APPLICATIONS OWNED BY LICENSEE OR THOSE THAT LICENSEE HAS THE RIGHT AND AUTHORITY TO SCAN. LICENSEE WILL INDEMNIFY HCL IN FULL FOR LICENSEE'S FAILURE TO COMPLY WITH THE TERMS OF THIS LICENSE OR APPLICABLE LAWS.

Authorized User Single Install

Authorized User Single Install is a unit of measure by which the Program can be licensed. An Authorized User is a unique person who is given access to the Program.

An Install is an installed copy of the Program on a physical or virtual machine made available to be executed on a computer.

The Program may be installed on any number of computers or servers, but each Install can only be accessed by one (1) Authorized User.

Licensee must obtain separate, dedicated entitlements for each Authorized User given access to an Install of the Program in any manner directly or indirectly (for example: via remote access to a central machine) through any means. One (1) Authorized User license will serve only one (1) running instance of the Program.

An entitlement for an Authorized User is unique to that Authorized User and may not be shared, nor may it be reassigned other than for the permanent transfer of the Authorized User entitlement to another person.

Floating User Single Install

Floating User Single Install is a unit of measure by which the Program can be licensed. A Floating User is a person who is accessing the Program at any particular point in time.

An Install is an installed copy of the Program on a physical or virtual machine made available to be executed on a computer. The Program may be installed on any number of computers or servers, but if the Floating User simultaneously accesses more than one (1) Install of the Program, the Floating User requires a separate entitlement for each such Install.

Licensee must obtain separate entitlements for each Floating User simultaneously accessing the Program on each Install in any manner directly or indirectly (for example: via running more than one instance of the Program) through any means.

Install

Install is a unit of measure by which the Program can be licensed. An Install is an installed copy of the Program on a physical or virtual machine made available to be executed on a computer. Licensee must obtain an entitlement for each Install of the Program.

Entitlement Requirements

Customer must have the adequate volume of User Entitlements for the use of the Program as set forth in the Customer and HCL licensing contract.

Entitlement to the program is provided through two models:

1 - Fixed Term Licenses – HCL will license the Program for a fixed term. Licensee's entitlement is terminated at the end of the fixed term, unless Licensee and HCL agree to renew it.

During the fixed term, licensee Subscribes to program updates and has access to Product Support.

2 – Non-Expiring License – HCL will license the Program for an indefinite term. Licensee's entitlement will remain valid until program is withdrawn from market and support by HCL with due notice. Licensee must Subscribe to updates and support to keep program updated.

A valid entitlement is required to install, copy and use the Program(s).
