

Digital Week 2020 Recap

Missed out on the best digital event of the year? We have our sessions available for replay. Click on any of the play buttons to watch!

HCL Digital Solutions Imagine 2020

November 9 - 10, 2020

Digital Transformation at Scale

Richard Jefts & Dion Hinchcliffe

Business models are dramatically shifting. The way we work has been flipped upside down. And yet, the last great experience a customer or employee has becomes their expectation. You need to transform your business. Are you ready? Let's transform the future together.

Enabling the Future of Work

IDC Perspective with Wayne Kurtzman & Richard Jefts

The COVID-19 pandemic and associated economic and social disruptions have forced companies to accelerate digital transformation. This allows leaders the chance to rethink and reimagine their leadership styles and processes to be more nimble, active, and empathetic.

Delivering an Impactful Multiexperience Customer Journey

Andrew Manby & Francois Nasser

To thrive, organizations need to deliver highly contextualized experiences — not just simple apps and websites — across all digital touchpoints. You need to reach your audiences and customers in the right way, every time.
