Unleash the power of HCL Workload Automation in an Amazon EKS cluster

Deploying HWA on a cloud-native environment such as Amazon Elastic Kubernetes Service (Amazon EKS) and enjoy the advantages of a **10x easier, faster and more scalable implementation.**

What our customers say

HWA as a product has proved to be robust, reliable, and flexible throughout our organization's recent digital transformation to the Cloud. As a vendor, HCL have encouraged our participation in developing new features which will unlock further value by aligning to our future enterprise strategic goals.

Paul Morris,
Service Delivery Manager at SGN

Workload automation market continues to evolve and become more important to future of digital transformation and automation, with vendors going all in on cloud and widespread integration occurring," and "HCL Automation Power Suite makes its debut on the EMA WLA Radar Report scoring high in all categories and ranked as a Value Leader.

Dan Twing,
EMA President

[HWA Offers] Quicker time to value by using the extension of the capabilities customers already have included in their license. So they can rely on HCL for rock solid workload automation, but if they're using it just for scheduling they're missing value..

Chris Sauderson,
Sr. Director Analyst, Gartner

Safeguard mission critical workloads and accelerate event-driven automation with the one-stop automation orchestrator. Explore [more](#).
