Program Name:
HCL Sametime Premium 11.5

The following standard terms apply to Licensee's use of the Program.

Limited use right

As described in the HCL Master License Agreement ("MLA") available at: <https://www.hcltechsw.com/wps/portal/resources/master-agreements> and this License Information document, HCL grants Licensee a limited right to use the Program. Program may also be referenced as the "Principal Program" herein. This right is limited to the level of Authorized Use, such as an Authorized User or Floating User, a Processor Value Unit ("PVU"), or other specified level of use, paid for by Licensee as evidenced in the Proof of Entitlement. Licensee's use may also be limited to a specified machine, or only as a Supporting Program, or subject to other restrictions. As Licensee has not paid for all of the economic value of the Program, no other use is permitted without the payment of additional fees. In addition, Licensee is not authorized to use the Program to provide commercial IT services to any third party, to provide commercial hosting or timesharing, or to sublicense, rent, or lease the Program unless expressly provided for in the applicable agreements under which Licensee obtains authorizations to use the Program. Additional rights may be available to Licensee subject to the payment of additional fees or under different or supplementary terms. HCL reserves the right to determine whether to make such additional rights available to Licensee.

Specifications

Program's specifications can be found in the collective Description and Technical Information sections of the Program's Announcement Letters, and Product License Information Documents.

Prohibited Uses

Licensee may not use or authorize others to use the Program if failure of the Program could lead to death, bodily injury, or property or environmental damage.

The Program is provided as part of a multi-product install image. Licensee is authorized to install and use only the Program (and its Bundled or Supporting Programs, if any) for which a valid entitlement is obtained and may not install or use any of the other software included in the image unless Licensee has acquired separate entitlements for that other software.

Supporting Programs

Licensee is authorized to install and use the Supporting Programs identified below. Licensee is authorized to install and use such Supporting Programs only to support Licensee's use of the

Principal Program under this License Information document and MLA. The Supporting Programs may not be used for any other purpose. A Supporting Program may be accompanied by license terms, and those terms, if any, apply to Licensee's use of that Supporting Program. In the event of conflict, the terms in this License Information document supersede the Supporting Program's terms. Licensee must obtain sufficient entitlements to the Program, as a whole, to cover Licensee's installation and use of all of the Supporting Programs, unless separate entitlements are provided within this License Information document.

The following are Supporting Programs licensed with the Program:

The following units of measure may apply to Licensee's use of the Program.

Authorized User

Authorized User ("A/U") is a unit of measure by which the Program be licensed. An A/U is a unique person provided with credentials to access the Program. The Program may be installed on any number of computers or servers and each A/U may have simultaneous access to any number of instances of the Program at one time.

The use of the Program by an A/U is only permitted with Authenticated Access. "Authenticated Access" shall mean the secured validation of a user's unique identity when accessing the Program. Licensee must obtain separate, dedicated entitlements for each A/U given access to the Program in any manner directly or indirectly (for example: via a multiplexing program, device, or application server) through any means. An entitlement for an A/U is unique to that A/U and may not be shared, nor may it be reassigned other than for the permanent transfer of the A/U entitlement to another person.

Program-unique Terms

The A/U entitlement includes access for Anonymous Guest users to HCL Sametime servers deployed under this entitlement. An "Anonymous Guest" is a unique person, not employed or paid by, or acting on behalf of Licensee's enterprise, who is given access to the Program in any manner directly or indirectly (for example: via a multiplexing program, device, or application server) without verification of the user's unique identity. Anonymous Guests are permitted access to meetings (of HCL Sametime Premium) initiated and managed by the A/U.

THE PROGRAM SHOULD NOT BE USED TO MAKE EMERGENCY CALLS (E.G. 211, 911, 999, ETC). WITHOUT LIMITING THE GENERALITY OF ANY OF THE FOREGOING, HCL, ITS AFFILIATES, SUPPLIERS AND RESELLERS SPECIFICALLY DISCLAIM ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR SUCH PURPOSE.

Entitlement Requirements

Customer must have the adequate volume of user entitlements for the use of the Program as set forth in the Customer and HCL licensing contract.

Entitlement to the program is provided through two models:

1 - Fixed Term Licenses – HCL will license the Program for a fixed term. Licensee's entitlement is terminated at the end of the fixed term, unless Licensee and HCL agree to renew it. During the fixed term, licensee subscribes to program updates and has access to support for the Program.

2 – Non Expiring License – HCL will license the Program for an indefinite term. Licensee's entitlement will remain valid until program is withdrawn from market and support by HCL with due notice. Licensee must Subscribe to updates and support to keep program updated.

A valid entitlement is required to install, copy and use the program(s).
